

total for all trips. The maximum weight on any trip would not exceed 120 lb (54.4 kg) and would not exceed 3,000 lb (1,360.8 kg) total for all trips combined.

- Cusk—whole fish would be retained for maturity, fecundity, and life history research. Cusk retained would not exceed 30 fish per month or 360 fish total for all trips. The maximum weight on any trip would not exceed 100 lb (45.4 kg) and would not exceed 2,300 lb (1,043.3 kg) total for all trips combined.

If approved, the applicant may request minor modifications and extensions to the EFP throughout the year. EFP modifications and extensions may be granted without further notice if they are deemed essential to facilitate completion of the proposed research and have minimal impact that do not change the scope or impact of the initially approved EFP request. Any fishing activity conducted outside the scope of the exempted fishing activity would be prohibited.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: June 3, 2013.

Kara Meckley,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-BD32

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Comprehensive Fishery Management Plan for the Exclusive Economic Zone of Puerto Rico

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of intent (NOI) to prepare a draft environmental impact statement (DEIS); scoping meetings; request for comments.

SUMMARY: NMFS, Southeast Region, in collaboration with the Caribbean Fishery Management Council (Council), intends to prepare a DEIS to describe and analyze a range of management alternatives for management actions to be considered when developing and establishing a Comprehensive Fishery Management Plan (FMP) for the exclusive economic zone (EEZ) of Puerto Rico. The purpose of this NOI is to inform the public of upcoming opportunities to provide comments on

the actions to be addressed in the DEIS, as specified in this notice.

DATES: Written comments on the scope of issues to be addressed in the DEIS must be received by NMFS by July 8, 2013. The scoping meetings will be held in July 2013. For specific dates and times, see **SUPPLEMENTARY INFORMATION**, under the heading, “Scoping Meetings”.

ADDRESSES: You may submit comments on the DEIS, identified by “NOAA–NMFS–2013–0093”, by any of the following methods:

- **Electronic Submission:** Submit all electronic public comments via the Federal e-Rulemaking Portal. Go to www.regulations.gov/#!docketDetail;D=NOAA-NMFS-2013-0093, click the “Comment Now!” icon, complete the required fields, and enter or attach your comments.
- **Mail:** Submit written comments to Miguel Lugo, Southeast Regional Office, NMFS, 263 13th Avenue South, St. Petersburg, FL 33701, or to the Caribbean Fishery Management Council, 270 Muñoz Rivera Avenue, Suite 401, San Juan, Puerto Rico 00918.

Instructions: Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered by NMFS. All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter “N/A” in the required fields if you wish to remain anonymous). Attachments to electronic comments will be accepted in Microsoft Word, Excel, or Adobe PDF file formats only.

Electronic copies of the scoping document may be obtained from the Southeast Regional Office Web site at http://sero.nmfs.noaa.gov/sustainable_fisheries/caribbean/island_based/index.html.

The scoping meetings will be held in Puerto Rico and in the U.S. Virgin Islands. For specific locations, see **SUPPLEMENTARY INFORMATION**, under the heading, “Scoping Meetings”.

FOR FURTHER INFORMATION CONTACT: Miguel Lugo, phone 727–824–5305, email Miguel.Lugo@noaa.gov; or Graciela Garcia-Moliner, phone 787–766–5927, email Graciela.Garcia-Moliner@noaa.gov.

SUPPLEMENTARY INFORMATION: Currently, the Council manages Federal fisheries in the U.S. Caribbean under four species-

based FMPs: The Spiny Lobster FMP of Puerto Rico and the U.S. Virgin Islands (Spiny Lobster FMP), the Reef Fish FMP of Puerto Rico and the U.S. Virgin Islands (Reef Fish FMP), the Corals and Reef Associated Plants and Invertebrates FMP of Puerto Rico and the U.S. Virgin Islands (Coral FMP), and the FMP for the Queen Conch Resources of Puerto Rico and the U.S. Virgin Islands (Queen Conch FMP). The fishers, fishing community representatives, and the local governments of Puerto Rico and the U.S. Virgin Islands (USVI) have frequently requested the Council consider the differences between the islands or island groups when addressing fisheries management in the U.S. Caribbean to recognize the unique attributes of each U.S. Caribbean island. By developing island-based FMPs, NMFS and the Council would better account for differences among the U.S. Caribbean islands with respect to culture, markets, gear, seafood preferences, and the ecological impacts that result from these differences.

At its 145th meeting, held on March 26–27, 2013, the Council decided to transition from species-based fisheries management to island-based fisheries management. If approved, a comprehensive FMP for fisheries management off Puerto Rico, in conjunction with similar comprehensive FMPs for fisheries management off St. Croix and off St. Thomas/St. John, would replace the existing species-based FMPs.

Also at its March meeting, the Council voted to hold scoping meetings in July 2013 to receive public feedback on possible actions and alternatives to consider during the development of the Puerto Rico FMP, the St. Croix FMP, and the St. Thomas/St. John FMP. The Council could develop the comprehensive FMPs without significant changes to current Federal fisheries management. For example, the 2010 Caribbean Annual Catch Limit (ACL) Amendment (76 FR 82404, December 30, 2011) and the 2011 Caribbean ACL Amendment (76 FR 82414, December 30, 2011) established ACLs by island or island group with specific ACLs for the Puerto Rico EEZ. The spatial and species-based attributes of these Puerto Rico ACLs, more than likely, would not change when developing the new FMP.

However, a re-arrangement from species-based FMPs to island-based FMPs also provides an opportunity for the Council to update management regulations that are outdated or do not reflect the current state of issues in the Puerto Rico EEZ. In the comprehensive Puerto Rico FMP, the Council is

considering management measures to modify the composition of the fishery management units (FMUs) by adding or removing species, establishing management reference points for any new species added into the FMUs, and modifying or establishing additional management measures. If regulations are to be changed, additional analyses to assess the impacts to the social, biological, economic, ecological, and administrative environments will be required.

To implement the proposed provisions of this new FMP, the Council will develop a DEIS for the comprehensive Puerto Rico FMP that describes and analyzes the proposed management alternatives. The new FMP will provide the best available scientific information regarding the management of Puerto Rico fisheries, within the context of Federal fisheries management in the U.S. Caribbean. Those alternatives will include, but are not limited to, a “no action” alternative regarding the continuation of species-based Federal fishery management in Puerto Rico, as well as alternatives to revise the management of U.S. Caribbean fisheries when developing the comprehensive Puerto Rico FMP. In addition, there will be alternatives to modify the current FMUs including, but not limited to, the “no action” alternative. Other actions could be included in the DEIS in response to public feedback during the scoping process.

In accordance with NOAA’s Administrative Order NAO 216–6, Section 5.02(c), the Council and NMFS have identified preliminary environmental issues as a means to initiate discussion for scoping purposes only. These preliminary issues may not represent the full range of issues that eventually will be evaluated in the DEIS.

After the DEIS associated with the development of the Comprehensive Puerto Rico FMP is completed, it will be filed with the Environmental Protection Agency (EPA). After filing, the EPA will publish a notice of availability of the DEIS for public comment in the **Federal Register**. The DEIS will have a 45-day comment period. This procedure is pursuant to regulations issued by the Council on Environmental Quality (CEQ) for implementing the procedural provisions of the National Environmental Policy Act (NEPA; 40 CFR parts 1500–1508) and to NOAA’s Administrative Order 216–6 regarding NOAA’s compliance with NEPA and the CEQ regulations.

The Council and NMFS will consider public comments received on the DEIS

in developing the final environmental impact statement (FEIS), and before voting to submit the FMP to NMFS for Secretarial review, approval, and implementation.

NMFS will announce in the **Federal Register** the availability of the FMP for public review during the Secretarial review period. During Secretarial review, NMFS will also file the FEIS with the EPA for a final 30-day public comment period. This comment period will be concurrent with the Secretarial review period and will end prior to final agency action to approve, disapprove, or partially approve the FMP.

NMFS will announce in the **Federal Register**, all public comment periods on the FMP, its proposed implementing regulations, and the associated FEIS. NMFS will consider all public comments received during the Secretarial review period, whether they are on the FMP, the proposed regulations, or the FEIS, prior to final agency action.

Scoping Meetings

All scoping meetings are scheduled for the week of July 8, 2013 (start times and locations are specified below). Participants at the scoping meetings may comment on any of the island-based FMPs (the Puerto Rico FMP, the St. Croix FMP, and the St. Thomas/St. John FMP) during any of the scoping meetings. The meetings will be physically accessible to people with disabilities. Request for sign language interpretation or other auxiliary aids should be directed to the Council (see **ADDRESSES**).

Island-Based Scoping Hearings in Puerto Rico (Monday–Friday)

- July 8, 2013 7 p.m.—at the Centro de Usos Múltiples de Vieques, Calle Antonio G. Mellado, Vieques, Puerto Rico.
- July 9, 2013 7 p.m.—at the Double Tree by Hilton San Juan, De Diego Avenue, San Juan, Puerto Rico.
- July 10, 2013 2 p.m.—at the Holiday Inn Ponce & Tropical Casino, 3315 Ponce By Pass, Ponce, Puerto Rico.
- July 10, 2013 7 p.m.—at the Holiday Inn, 2701 Hostos Avenue, Mayaguez, Puerto Rico.
- July 11, 2013 7 p.m.—at the Asociación de Pescadores Unidos de Playa Hucareas in Naguabo, Puerto Rico.
- July 12, 2013 6 p.m.—at the Club Náutico de Arecibo, Carr. 681 Km. 1.4, Barrio Islote, Sector Vigía, Arecibo, Puerto Rico.

Island-Based Scoping Hearings in the USVI (Tuesday–Wednesday)

- July 9, 2013 7 p.m.—at the Buccaneer Hotel, Estate Shoys, Christiansted, St. Croix, U.S. Virgin Islands.
- July 10, 2013 7 p.m.—at the Holiday Inn (Windward Passage Hotel) Charlotte Amalie, St. Thomas, U.S. Virgin Islands.
