# Fishing Community Activities

- 1) Conversations, emails, and assisting fishers who sell at the Joseph Bryan fish market to have water available for cleaning of fish and sanitation purposes.
- 2) Traveling to St. John to return and pick up forms for fishing license and gather catch reports
- 3) Liaising with the Office of the Administrator and fishers whose dry landed boats were about to get citations and explaining why.
- 4) Responsible Fisher Certification program

# The Fun Stuff!

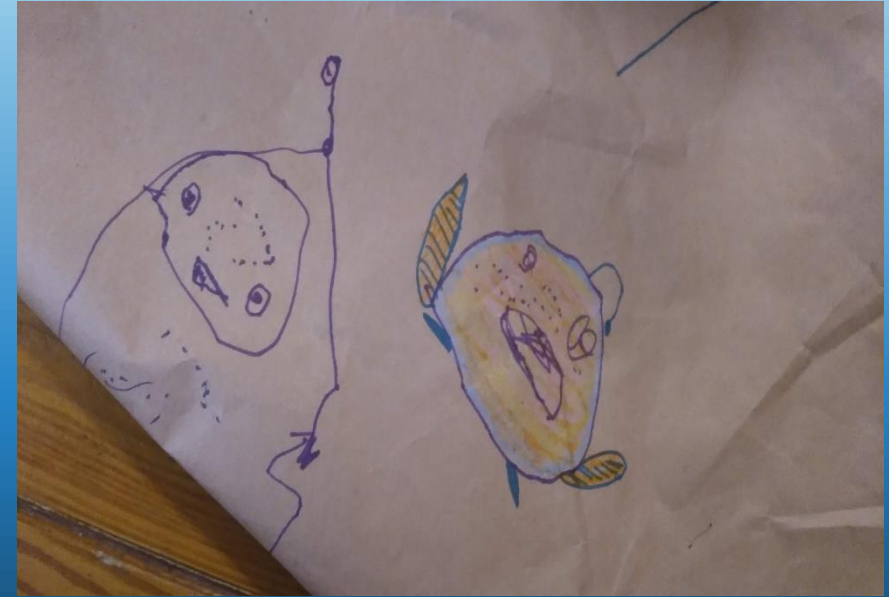

Speaking with fishers about where to look for updates about changes involving our fisheries on the NOAA website.

Reef Responsible presentation on How to become a responsible fisher

School and Summer camp education outings  
ELS class Ocean awareness trip  
J.E.T Mangrove habitat and make a fish activity

A collection of various fish, including spotted and colorful species, arranged on a white surface. The fish are of different sizes and colors, including blue, green, and brown. The text "Thank You" is overlaid in the center of the image.

Thank You
