Women's Month MARÍA DE LOS ÁNGELES IRIZARRY Fiscal Officer

"Thank you, Angie for your dedication and commitment at the CFMC." Most people know her as Angie.
She is responsible for the administrative, accounting and financial tasks of the CFMC. She has been part of the CFMC family for about 20 years. She feels grateful to God for the opportunity to belong to this great team and be able to serve everyone.

P Mes de la mujer GRACIELA GARCÍA-MOLINER Especialista en FMP y Hábitat

"Gracias Graciela por tu dedicación y compromiso con el CFMC."

Ha sido científica con el CFMC por los últimos 25 años. Trabaja con pescadores, oficiales del gobierno, y científicos para desarrollar planes de manejo para los recursos pesqueros del Caribe estadounidense. Ayuda a coordinar la información biológica, ambiental, y socioeconómica que se usa para evaluar las pesquerías y para desarrollar estrategias para el manejo de estas. Está interesada en describir las comunidades de peces de aguas profundas y el uso de tecnología (AUVs, ROVs,) para obtener información de las aguas profundas.

WOMEN'S MONTH

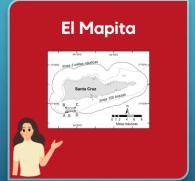

- Honor and recognize women
- Staff, panels, committees, collaborators
- Started on March 8

SEASONAL CLOSURES

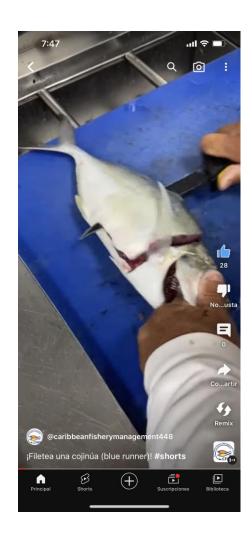

- Posts
- Simplify information so more people can understand what, when, why, where, how

VIDEOS

- Preparing and testing shorts
- Thanks to Marcos Hanke for collaboration

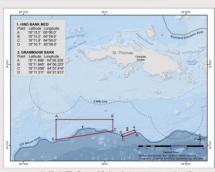

En el boletín del Consejo de Administración Pesquera del Caribe (CFMC, en inglés) encontrarás anuncios de actividades, datos sobre distintas especies marinas y valiosa información sobre la pesca y las regulaciones que rigen esta actividad en Puerto Rico y en las Islas Virgenes Estadounidenses.

¿Cómo han cambiado las poblaciones del mero cabrilla en el Red Hind Bank de St. Thomas?

Este artículo es un resumen del estudio de: Rosemond, RC, RS Nemeth, SA Heppell, 2022. Demographic recovery of a reef fish population over 30 years of spawning aggregation site protection. Frontiers in Marine Science 9: 931409. DOI: 10.3589/fmars.2022.931409.?

El área de desove del mero cabrilla (*Epinephelus guttatus*) conocida como el distrito de conservación marina (MCD) de Red Hind Bank al sur de St. Thomas originalmente se cerró a la pesca en 1990.

Hind Bank MCD y Grammanik Bank son dos áreas marinas protegidas en St. Thomas, Hind Bank MCD fue el área de estudio en esta investigación.

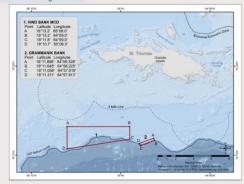

In the Caribbean Fishery Management Council (CFMC)'s bulletin you will find announcements, facts about marine species, and valuable information on fishing and regulations that rule this activity in Puerto Rico and the US Virgin Islands.

How have the red hind populations changed in the Red Hind Bank MCD of St. Thomas, USVI?

This article is a summary of the research study. Rosemond, RC, RS Nemeth, SA Heppell. 2022. Demographic recovery of a reef fish population over 50 years of spawning aggregation site protection. Frontiers in Marine Science 9: 931409. DOI: 10.3389/fmars.2022.931409.?

The red hind (*Epinephelus guttatus*) spawning area in the Red Hind Bank marine conservation district (MCD) south of St. Thomas was originally closed to fishing in 1990.
