

**Table 1.** USVI average annual commercial landings for species/species groups with landings that exceeded their ACLs. The average annual landings for St. Croix and St. Thomas/St. John were calculated with landings from 2013 through 2015. The amount of landings that exceeded each ACL is provided. STT/STJ = St. Thomas/St. John, and STX = St. Croix.

<b>Species or Species Group</b>	<b>Average Annual Landings (lbs)</b>	<b>Annual Catch Limit (lbs)</b>	<b>Overage (lbs)</b>
STX Angelfish	6,625	305	6,320
STX Squirrelfish	408	121	287
STT/STJ Queen Conch	235	0	235
STT/STJ Angelfish	18,920	7,897	11,023
STT/STJ Squirrelfish	8,696	4,241	4,455
STT/STJ Wrasses	2,242	585	1,657

**Table 2.** Puerto Rico recreational average annual landings by species or species group compared to their ACLs. The average annual landings were calculated with landings from 2013 through 2015. The amount of landings over or under the ACL is provided. Stocks that exceeded their ACL were highlighted in yellow.

Species or Species Group	Average Annual Landings (lbs)	Years Used	Annual Catch Limit	Overage/Underage (lbs)
<b>2010 ACL Species or Species Group</b>				
PR Grouper	14,848	2013-2015	77,213	-62,365
PR Queen Conch	unknown	2013-2015	0	n/a
PR Parrotfish	16,733	2013-2015	15,263	1,470
PR Snapper Unit 1	23,907	2013-2015	95,526	-71,619
PR Snapper Unit 2	264	2013-2015	34,810	-34,546
PR Snapper Unit 3	80,795	2013-2015	83,158	-2,363
PR Snapper Unit 4	16,742	2013-2015	28,509	-11,767
<b>2011 ACL Species or Species Group</b>				
PR Angelfish	126	2013-2015	4,492	-4,366
PR Aquarium Trade	2,663	2013-2015	8,155	-5,492
PR Boxfish	4,733	2013-2015	4,616	117
PR Goatfish	68	2013-2015	362	-294
PR Grunts	1,516	2013-2015	5,028	-3,512
PR Jacks	61,658	2013-2015	51,001	10,657
PR Porgies	1,561	2013-2015	2,577	-1,016
PR Squirrelfish	375	2013-2015	3,891	-3,516
PR Surgeonfish	0	2013-2015	3,590	-3,590
PR Tilefish	441	2013-2015	14,642	-14,201
PR Triggerfish and Filefish	13,161	2013-2015	21,929	-8,768
PR Wrasse	3,297	2013-2015	5,050	-1,753

**Table 3.** Predicted recreational closure dates for three of the Puerto Rico species groups. For some of the stocks, there was no closure date predicted for a particular year (e.g. Puerto Rico parrotfish in 2013) because the landings in that year were below the ACL.

Species or Species Group	Year of Data Used			
	2013	2014	2015	Average 2013-2015
PR Recreational Parrotfish	No Closure	17-Aug	20-Oct	9-Nov
PR Recreational Boxfish	No Closure	No Closure	23-Feb	5-Oct
PR Recreational Jacks	No Closure	14-Jun	21-Dec	27-Nov
